## *Correction*

---

In the Editorial by Ip of the April 2020 issue of the Journal (HK J Paediatr (new series) 2020;25:68-69), a correction is needed.

On page 68, the first complete sentence reads, "The April 2020 issue of the Hong Kong Journal of Paediatrics is an exceptionally memorable issue, particularly for our fellow colleagues working in high-risk clinical settings taking care of sick patients infected with SARS-CoV-19." It should read, "The April 2020 issue of the Hong Kong Journal of Paediatrics is an exceptionally memorable issue, particularly for our fellow colleagues working in high-risk clinical settings taking care of sick patients with coronavirus disease 2019 (COVID-19)."
